

MEMBERSHIP APPLICATION

www.eelha.org

The East End Livestock and Horseman's Association's primary purpose is to protect the rights of all livestock and owners. We ask you to fill out the application below in an effort to serve you better. All information will be kept confidential. Your membership, as well as your views and concerns are essential to our organization.

The East End Livestock and Horseman's Association holds dinner meetings every other month. All members are welcome. Expert speakers in the areas of equine or livestock issues are invited to make presentations at these meetings. In addition to meetings, the club awards a scholarship every year to an East End student having a strong background in working with livestock and who is pursuing a degree in the field. Another important club function is our rescue program. Abused and needy animals are cared for by the club. Club functions include several organized trail rides each year, participation in local parades as well as a Holiday Dinner including a Chinese raffle. We encourage our members to get involved in any or all of these functions through committee membership. Welcome to the East End Livestock and Horseman's Association!
